

## Void Labels - Formats & Standards

Seal labels are used as protection against unauthorized interference. The VOID labels feature a special adhesive which provides clear indication of any tampering. Upon tear-off attempt the label base is damaged while the surface is left with visible VOID footprint. The delaminated label provides tampering evidence even when re-applied. Labels are resistant to high and low temperatures, humidity, chemical solvents, oil and UV. White matte label surface provides good barcode reading.

SHAPE	SIZE (mm)	MATERIAL	APPLICATION	SOLUTION	SYMBOL
	30 x 11	P4-13300 series	 MANUAL	 SECURE	P4-13301
	50 x 30	P4-13300 series	 MANUAL	 SECURE	P4-13303
	72 x 12	P4-13300 series	 MANUAL	 SECURE	P4-13304
